BY A DECISIVE VOTE

SENATOR BAILEY'S NONSUSPENSION AMENDMENT TO RATE BILL IS DEFEATED.

OTHERS MEET SAME FATE

SENATOR LA FOLLETTE VOTES WITH THE DEMOCRATS ON ALL PROPOSITIONS.

Washington, May 12.—Senator Bailey's nonsuspension amendment applying to orders of the interstate commerce commission as covered by the railroad rate bill, which has occupied so much of the attention of the senate in connection with that bill, was adversely disposed of during the day by the decisive vote of 23 to 54, practically a party vote. The debate was limited to a brief political speech by its author, in which he said the president had changed his attitude on maintaining the rates fixed by the commission until the courts reach a final decision.

An amendment offered by Senator Rayner confining the court review to constitational questions was also voted down but not until after speeches had been made by Messrs. Rayner and Bailey in advocacy and Messrs. Allison, Fulton, Long and Cullom in opposition. The debate was in anticipation of the discussion that is expected to occur upon the Allison court review provision before the committee.

Messrs. Rayner and Bailey contended that the Allison amendment authorizes the broadest possible court review and the Maryland senator urged that in it Senator Aldrich had achieved a signal victory. Senator Fulton stated he had first suggested the language of the Allison provision.

A number of other amendments offered in the main by Democrats and by Senator La Follette were rejected. The votes were generally along party lines during the entire day but the Wisconsin senator voted with the Democrats on all propositions and Messrs. McEnery and Morgan, Democrats, voted with the Republicans. The only amendments accepted were those offered by Senator Allison striking out the phrase "fairly remunerative" in the provision allowing the interstate commerce commission to fix rates; limiting the operations of orders of the commission to two years; and making the interstate commerce commission the defendant in suits challenging the rates fixed by it.

The anti-pass provision heretofore adopted was again discussed. It is evident that it will be modified.

TAWNEY IS SUSTAINED.

Point of Order Against an Appropriation Well Taken.

Washington, May 12.—After passing 320 pension bills the house during the day devoted much time to considering a point of order made by Mr. Tawney (Minn.) against an appropriation for a new steel floating dock in the naval appropriation bill. Mr. Olmstead of Pennsylvania, Mr. Mudd of Maryland, Mr. Gaines of Tennessee and Mr. Butler of Pennsylvania took part in the debate.

The chair held the point of order well taken in a carefully prepared opinion.

Mr. Hepburn of Iowa made a vigorous attack upon the courtmartial system in the navy and especially criticised the officers responsible for accidents aboard ship.

A point of order against the appropriation for the naval training station at Lake Bluff, Ill., was pending when the house adjourned until Monday.

In passing 320 pension bills in an hour and a half, the house broke all records in pension legislation.

PANIC IN A CIRCUS TENT.

Fire Frightens Audience and Many Persons Are Bruised.

New Rochelle, N. Y., May 12.—An exploding gas lamp set fire to the main tent of a circus showing here at night and caused a panic in the audience. Many persons were bruised and slightly injured, while one of the circus employes suffered a broken leg. The top of the main tent was destroyed, the local fire department managing to check the fire just before it reached the tent containing the menagerie. There were about 2,000 persons in the tent when the blaze started.

Three Men Killed.

Shreveport, La., May 12.—The boilers of the Big Pine Lumber company's plant at Colfax, La., exploded during the morning, killing three men and partially wrecking the plant. The dead are W. A. Porter, Louis Henderson and James Carter.

STUDENTS AND SHOWMEN FIGHT.

One of the Former So Seriously Wounded He May Die.

Columbia, Mo., May 12.—Several hundred University of Missouri students engaged in a fight with showmen from Cole Brothers' circus at midnight and as a result Maynard McDole, a freshman from Craig, Mo., was shot in the head and is in a critical condition in the hospital here and several others are slightly hurt.

McDole's recovery is doubtful. The bullet entered behind the left ear, penetrating to the right jaw, which is probably broken. An operation failed to locate the bullet. Several of the other students received scalp wounds. C. C. Bailey of Campbell, Mo., was bruised about the head and breast.

A body of about 500 students assembled at the courthouse and marched to the evening performance of the circus on the fair grounds north of town. They demanded a twenty-five cent rate of admission, which was granted. They occupied seats together throughout the main performance and maintained an orderly behavior, occasionally giving Missouri yells and songs. After the performance a number of the leaders demanded that they be allowed to remain during the concert which followed. Showmen armed with tent poles drove the students from the tent, striking several of them. This incensed the students and they ran to a siding near the Wabash railroad station, where the circus train was preparing to depart. Here a battle ensued between the circus employes and 250 students, in which bricks were thrown, shots were fired and tent poles wielded vigorously by both students and showmen.

The students captured a circus chariot, which was found during the day in a field near town. The circus train left town at 1 o'clock a. m. and was delayed by greased and loosened rails and an open switch, the tampering with the track being ascribed to the students.

No arrests have been made. The students say the circus men were the aggressors.

FUNERAL DRIVERS STRIKE.

About a Hundred and Fifty Bodies Remain Unburied.

New York, May 12.—The strike of 1,500 funeral drivers, ordered Thursday night, tied up the undertaking business in New York city during the day so completely that about 150 bodies remained unburied. Hearses and carriages were driven away from churches, mourners were kept waiting all day in homes of the dead and in several instances nonunion drivers of hearses and carriages were attacked in the street and police protection was necessary.

In several cases undertakers appealed to the board of health for permits to postpone burials beyond the four-day limit, while others asked for permission to convey bodies to the cemetery on trucks or street cars under police protection. In every case permission to use street cars for funeral vehicles was denied, but in some cases where death had occurred from contagious disease and immediate burial were required undertakers were forced to make use of their coffin wagons or such other vehicles as they were able to procure.

The strikers declared that their fight for $14 a week instead of $12 is on in earnest. Their employers, the Coach Owners' association, met and decided not to grant the increase.

MAY BE TRIED FOR HERESY.

Nassau Presbytery Takes Up the Case of Rev. Dr. Carter.

New York, May 12.—The question of disciplining or of trying on heresy charges Rev. Dr. Samuel L. Carter, who several years ago became prominent in an effort to have the Westminster confession revised, was taken up during the day by the presbytery of Nassau at Jamaica, L. I. The meeting was called because of a letter in which Dr. Carter declares that he does not believe the Westminster confession to be the truth of God, but "an idol of man's, invented as truly as any worship in Delhi, Peking or Africa."

This letter is addressed to the general assembly of the Presbyterian church which meets May 18 in Des Moines, Ia. The writer terms it a "protest and confession."

LEATHER MARKET BURNED.

Fire at Paris Causes a Property Loss of Two Million Dollars.

Paris, May 12.—The leather market in the Gobelins district was burned during the evening. Many workmen's dwellings were also destroyed. There were repeated explosions of carboys of acid, and 2,000 barrels of oil were destroyed. The walls of the market fell, injuring several policemen and firemen. The damage is estimated at $2,000,000.

Archbishop of New Orleans.

Washington, May 12.—Right Rev. James H. Blenk, bishop of Porto Rico, has been appointed archbishop of New Orleans to fill the vacancy created by the death of Archbishop Chapelle.

AGAINST PAPER TRUST

PERPETUAL INJUNCTION GRANTED BY THE FEDERAL CIRCUIT COURT AT ST. PAUL.

JUDGMENT GIVEN BY DEFAULT

COMBINE VIRTUALLY ADMITS DEFEAT AND WITHDRAWS ITS PLEADINGS IN CASE.

St. Paul, May 12.—The United States has gained a great victory over the paper trust, which has thrown up its hands and virtually admitted defeat at every point.

The point just scored by the government was in the shape of a perpetual injunction granted by Judge Walter H. Sanborn of the federal circuit court restraining the General Paper company from transacting the business of any and all of the various companies of which it was composed.

Three of the defendants—B. F. Nelson of Minneapolis, C. J. McNair of Cloquet, Minn., and A. C. Bossard of Grand Rapids, Minn.—also paid fines of $100 each, thus purging themselves of contempt in declining to testify or to produce the trust records.

The prosecution in this case began in St. Paul and terminated abruptly when Judge Vandeventer ruled that officers of the company must answer questions put to them by the counsel for the government.

This ruling was appealed and was argued in the supreme court of the United States, F. R. Kellogg of this city representing the government.

The supreme court sustained the government's contention and Judge Vandeventer's ruling at every point.

The General Paper company then withdrew its pleadings and an order for the government and the injunction followed by default.

The effect of the injunction will be to dissolve the trust into its various constituent companies, which will henceforth be compelled to conduct their business independently and on a competitive basis.

It is stated on reliable authority that since the institution of this suit against the paper trust the price of paper to the consumer had reduced substantially 30 per cent.

ON ENTIRELY NEW LINES.

Stated That the General Paper Company Will Be Reorganized.

Appleton, Wis., May 12.—The General Paper company will reorganize on entirely new lines, according to James A. Kimberly, president of the alleged paper trust. This decision is the result of a meeting held in Milwaukee Thursday, when steps were taken to withdraw an answer to the government. Mr. Kimberly would not say how the company will be reformed to avoid violating the law, but he felt confident that such a selling agency can be organized without future fear of government action. It is generally believed that steps have already been taken to form a new company to dispose of print paper manufactured in Wisconsin, Minnesota and Michigan. It is said that the new company will include all mills which withdrew from the General Paper company after the government commenced suit in addition to those who were members when the General Paper company was dissolved by court.

BECHTEL IS ACQUITTED.

Jury at Minneapolis Brings in a Verdict of Not Guilty.

Minneapolis, May 12.—Late in the afternoon the jury in the W. F. Bechtel case brought in a verdict of not guilty. Bechtel was charged with using the funds of the Northwestern Life Insurance company to pay his own personal debts and that he did not keep an account of the money used in such instances. The defendant was formerly president of the company and the specific charge against him was that he took $3,500 from the concern's treasury to pay a certain fee which he owed. The Bechtel trial was one of the shortest in the history of like cases in this state and lasted only five days.

BAD FIRE IN IDAHO.

Ranchers Trying Only to Save Their Movable Property.

Butte, Mont., May 12.—Sand Point, Ida., advices state that a destructive fire is burning within a few miles of that place. Sparks from the engines of the Great Northern trains started the fire, which has now burned beyond all control. The ranchers are making efforts only to save their movable property. Many sawmills and many thousands of feet of poles and posts have already been destroyed.

CHARGES OF COLLUSION.

Made Against Standard Oil and Iron Mountain Railroad.

Chicago, May 12.—Direct charges of collusion between the Standard Oil company and the St. Louis and Iron Mountain railroad were made during the second day's hearing of the investigation of the relations between the oil company and the common carriers of the country before the interstate commerce commission here.

H. J. Cohn of St. Louis, for fifteen years connected with oil companies, declared that the agents of the railroad acted as agents of the oil company, and received commissions on the amount of oil they sold. He, himself, acting as an agent of the Standard Oil company, had, he said, appointed agents at various places on the Iron Mountain road in Missouri. He had known station agents to resign, he said, because the oil business was taken away from them, and the position was not sufficiently remunerative otherwise.

Attorneys for the Standard Oil company during the cross-examination of Maxon, the Illinois operator who testified Thursday, showed that he had repeatedly written letters to officers of the oil company threatening to make trouble, because he did not consider himself well treated. Maxon admitted writing the letters, and said that he had done so "just for amusement."

Other witnesses were A. J. Davidson, president of the St. Louis and San Francisco road; J. F. Tucker, chairman of the Central Freight Traffic association, and S. L. Hibbs of Peoria, Ill.

SALOONS WILL STAY CLOSED.

Those in San Francisco Will Not Be Opened for Some Time.

San Francisco, May 12.—That the authorities have no intention of loosening the reins which have held the liquor dealers in check was made plain during the day by an emphatic declaration from Mayor Schmitz that all drinking places will be closed for an indefinite period. He attributed the remarkable absence of crime and the exceptional order which has prevailed since the conflagration to the fact that the edict against the selling of liquor has been rigidly enforced.

This stand of the mayor was emphasized when the board of police commissioners unanimously endorsed a suggestion that all saloon licenses be revoked. The commissioners were a unit that the future welfare of the city will be enhanced by fewer drinking places. A number of saloon proprietors have in course of construction temporary buildings. These were warned that the number of saloon licenses to be issued in the future will be curtailed, and that it is unwise for them to incur expenses for temporary buildings.

In San Mateo, just over the county line, the supervisors recently allowed the saloons to open. The result was disastrous. Thousands of men and women flocked there and indulged in drunken orgies. Chief of Police Dineen appealed to Sheriff Mansfield to close all grog shops within his jurisdiction and the sheriff has replied that he would do so even if it becomes necessary for him to call the militia to his aid.

SCHURZ LOSES GROUND.

Noted Publicist Continues Critically Ill in New York City.

New York, May 12.—Carl Schurz, the noted publicist and former secretary of the interior, continues critically ill. He is suffering from a complication of diseases, and while it was thought early in the day there had been an improvement in his condition it was believed at night that the patient had lost some ground.

Settlement Expected.

Cleveland, May 12.—Representatives of the longshoremen and dock managers did not reach a conclusion regarding all of the matters involved in the recent marine strike in their conference during the afternoon, but a settlement of all points in issue is expected to be reached at another meeting to be held during the day.

Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for woman's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

THE Sauk Centre Herald says you cannot benefit your town by sending your money to Chicago.

THE Anoka Herald says that A. L. Cole looks good to Anoka county voters as a candidate for governor.

COUNT BONI has some consolation, having been re-elected to the French house of deputies. He is like the gambler, they didn't bluff him if he did go broke—by losing his wife.

IN AN interview at Washington Gov. Johnson of Minnesota predicts the nomination of Bryan for the presidency with good chances of election, and his own nomination and re-election this fall. Now wouldn't that twist your ballot.

NOTES and mortgages which fall due on legal holidays do not have to be paid until the following day, according to California lore, and the governor of that state has been declaring legal holidays from day to day ever since the San Francisco earthquake. He has notified the public that he would give five days notice before their discontinuance in order that the people may have an opportunity to prepare to meet their obligations.

CONGRESSMAN BUCKMAN returned to Washington on Thursday after having spent a week in his home in Little Falls looking after business interests. During the time the congressman from the Sixth found time to get in touch with the political situation and found things in much better condition than he had been led to believe existing from the reports sent out by the opposition newspapers. Mr. Buckman set at rest any idea that he had ever considered a withdrawal from the race and he states that he has received assurances from every part of the district he represents that the people are well satisfied with his work in congress and pledges of support in the coming contest.

THERE is not a citizen in the great state of Minnesota who cannot endorse the platform upon which A. L. Cole is making his campaign for the republican nomination of governor, and indications point to him as one of the leaders. Mr. Cole has been one of the most widely advertised men in Minnesota since he announced his candidacy and has met with favorable mention in all sections. He is a northern Minnesota candidate and standing for the development of the dormant interests of the state as he does he should and undoubtedly will receive the support of every northern county. And it will not stop there, for what benefits Northern Minnesota will benefit the state at large and the large cities of central and southern Minnesota are not slow in grasping the situation. Mr. Cole's strength in the coming convention is of course yet problematical but enough is already known to make it an assured fact that his following will be of such proportions as to command an enviable position with chances favoring his success.

George Allen leaves today for Spokane, Wash., where he will go onto the road for a wholesale leather house. He has received a good offer which came to him entirely unsolicited and as his health is impaired by a 30 year's application to his trade as a shoemaker, 25 years of which was at the bench, he decided to accept. Mr. Allen has been in Brainerd nearly nine years, having worked for R. F. Walters on the bench and in the store for nearly four years, after which he started a shoe shop for himself and built up a lucrative business. In conversation with a Dispatch representative, Mr. Allen stated that he wished to especially commend his successor to the people of Brainerd as he believes him to be a competent workman and thoroughly reliable. Mrs. Allen and two sons expect to go to Spokane about the last of September. The family has many friends in Brainerd who wish them all prosperity, though sorry to see them go.

Appendicitis means a heavy expense and the risk of losing your life. Unless you know about Dr. Adler's Treatment, a medicine that cures this dreadful disease and makes operations unnecessary. A dose now and then prevents appendicitis. Wouldn't you rather be on the safe side? Johnson's Pharmacy.

MUSIC AND DRAMA.

"LAND OF NOD."

There are fifteen new and original characters introduced to the stage in the "Land of Nod," all of them imaginative and designed by Mr. W. W. Denslow, the artist who is responsible for the creation of the Scarecrow and Tin Woodman in "The Wizard of Oz." Each and every one of the entire fifteen which includes, The Man in the Moon, Welsh Rarebit, Jack of Hearts, April Fool, King and Queen of Hearts, Reflection, Rory Bory Alice, Sandman, Weather Man, Telephone Man, Knockout Drops, are as entertaining in their way as their two famous predecessors and will live for years in the memory of all who witness the performance.

ALBERTA GALLATIN IN "COUSIN KATE."

From drama, the heaviest roles of drama, such as Mrs. Alving in Ibsen's "Ghosts," to comedy roles seems a long jump, but the distance is bridged most successfully by Alberta Gallatin in "Cousin Kate," in which play she is starring this season under the management of Kane, Shipman and Colvin. Miss Gallatin's limitless versatillity enables her to portray the charming "Cousin Kate" with an effectiveness fully as great as any reached in the heavier roles of drama. And the play itself is one of the most successful society comedies ever put on in New York, opening the Hudson Theatre there and running for an entire season, playing always to a house filled to the doors. After her engagement here she will play at the Metropolitan both in St. Paul and Minneapolis. From there she goes to New York to prepare for her next season's production of "Dorothy Vernon of Haddon Hall." Seat sale for this engagement opens at H. P. Dunn & Co.'s drug store, Thursday morning, at 10 o'clock.

Announcement

Brainerd, Minn., May. 7th, 1906.

To the Voters of the 48th Senatorial District:

I hereby announce myself a candidate for the Republican nomination for state senator from the 48th Senatorial District, at the coming primary election, and I respectfully solicit the support of the electors of said district for such nomination.

If successful in such nomination and in the election, I pledge my best efforts to secure proper legislation, and the conscientious performance of my duties at all times in behalf of the people of my district and the state at large.

Respectfully,

S. F. ALDERMAN.

Earthquake Shocks in Indiana.

Petersburg, Ind., May 12.—Two distinct earthquake shocks were felt here at 12:40 a. m. A low rumble was heard in the west and buildings quivered, windows rattled and dishes rocked. Many people jumped from their beds in fright. The shocks were of a few seconds' duration and the first was preceded by a vivid flash similar to lightning.

PLAY AWAY FROM HOME

Both Brainerd Ball Teams Have Games away from Home Today and Tomorrow

FOUR HOT GAMES EXPECTED

City Team Goes to Royalton and North Star Team Goes to Pine River Today

Four red hot base ball games are scheduled for today and tomorrow to be participated in by the Brainerd clubs but none are to be played in Brainerd. The city team left on the St. Paul train for Royalton where a game will be called with the crack team of that town immediately after the arrival of the train. The lineup will be as follows: Wilson, c, Roderick and Drogseth, p, Somers ss, J. T. Boyle, 1b, Dr. Green, 2b, McDuff, 3b, Senli, lf, Cromwell, rf, Sunberg, cf, J. A. Boyle, manager,

The North Stars will take the M. & I. for Pine River and a game will be called there at 4:30. The boys go prepared for a hot time as the teams broke even last year and both teams will have a strong lineup. The North Star lineup will be as follows:

Lowel and Parker, c, Bush and Spaulding, p, Bobby, ss, Bush and Burns, 1b, H. Boyle, 2b, Abear 3b, Ousdahl, rf, Bennett, lf, Parker and Lowell, cf.

If the boys do not bring home the scalps of their opponents in all four games it will be because they are up against teams that crowd close to the semi-professional basis.

75 IN ATTENDANCE

The Attendance at the Teachers Association Friday and Today is Better Than Expected

There were about 75 teachers present at the session of the Crow Wing County Teachers' association this forenoon. This attendance was more than was expected by County Supt. Wilson, who is highly pleased with the results of the meeting. The program was carried out as given in a previous issue of THE DISPATCH and both sessions were very enjoyable. Before adjourning this forenoon a vote of thanks was given to Mrs. Dial for her efforts in furnishing the fine musical treat given the association this forenoon during this session.

$185,000 OPERA HOUSE

Contract Let for C. P. Walker's New Theatre to be Erected in Winnipeg

The Manitoba Free Press contains a large cut of the work on the excavation for C. P. Walker's new theatre to be erected in Winnipeg this summer. The contract price is in the neighborhood of $185,000 and the theatre it is said will be the best building of the kind in Canada. The Canadian White Co. of Montreal has the contract and expects to have the building ready for the opening of the season early in September next. There will be 500 tons of steel used in the construction of the building which will be absolutely fire proof throughout. The architect who planned the theatre is preparing plans for a nine story hotel to be erected by Mr. Walker adjoining the theatre.

NEW SCHEDULE IS DELAYED

Lack of Cars Delays Placing of The New Train to St. Paul And Minneapolis

JUNE 10TH IS THE DAY NOW SET

New Equipment for the Coast Limited is not yet Ready to Put in Service

Agent Mosier informed THE DISPATCH that the new train between Brainerd and the twin cities will not be put on Sunday, May 27th as was expected. Delay in getting new cars completed is given as the reason. The new time card, it will be remembered, was to include a magnificent new coast limited. The cars used at present were to be put on the night overland, which would release some equipment for the new Brainerd train. A delay in the finishing of the cars for the new coast limited therefore delays the putting on of the Brainerd train. The latest report received by railroad men in Brainerd sets the probable date of the new schedule at June 10.

There have been rumors that 5 and 6, which will hereafter be night trains would be run through Brainerd, but Mr. Mosier states that the object of the new train is in part to avoid hauling the heavier train around this way.

AT MR. HILL'S REQUEST.

Committee Takes Testimony Regarding Charges Against Him.

New York, May 12.—The sub-committee of the grievance committee of the New York state bar association, which was appointed at the request of Former Senator David B. Hill to investigate his relations as counsel to the Equitable Life Assurance society and to report whether his appointment as counsel was in any way improper or unprofessional and whether the compensation he received from the company was reasonable or excessive, met here during the day, heard Mr. Hill in his own behalf, took testimony of prominent attorneys as to the standing of Mr. Hill in the legal profession, as to the reasonableness of his $5,000 a year retainer from the Equitable, and adjourned. Mr. Hill's counsel, Charles A. Collins, submitted the case without argument. Professor E. W. Huffcut, chairman of the sub-committee, then announced that he and his associates would consider the testimony and submit a report to the grievance committee at the earliest possible moment.

COULD HARDLY BE BETTER.

Trade and Industry Shown to Be in Good Condition.

New York, May 12.—Bradstreet's weekly review of trade says while cooler weather has temporarily deferred sales of light weight fabrics and perhaps has severely affected fruits and early vegetables, events of the week have proved the great basic conditions. Growing grain is in fine shape; fall orders, except at a few points, continue to expand; the labor situation is certainly more favorable; manufacturing in all lines the country over is active; new construction work is of marked proportions; demand for material is heavy; orders for steel rails are large; the insurance situation is easier and so are money rates, while collections, save at a few centers, tend to improve. In fact, underlying conditions could hardly be better. The labor situation especially shows the marked improvement. The anthracite coal tie-up has ended and 140,000 men will go to work shortly. The bituminous strike is not entirely cleared up but the lake traffic strike, which promised to be very serious, has been adjusted. Troubles in the building trades, too, have been very generally settled.

TWO PROBABLY DROWNED.

Iowa Man and Woman Supposed to Have Perished in Iowa River.

Iowa City, Ia., May 12.—William N. Thornburg and Miss Elizabeth Ogden of Linden, Ia., are thought to have been drowned during the evening while on their way home from a picnic up the Iowa river. Their boat was found floating bottom up below a break in the dam. The bodies have not been recovered.

THE SUNDAY SERVICES

The Dr. Robertson Meetings Tomorrow Will be Very Interesting and Very Valuable.

The meetings held during the past week under Dr. John Robertson D. D., have been eminently successful. The spiritual life of the community has been greatly strengthened. The spirit of union has been healthy and complete. Dr. Robertson has done already a work in Brainerd which will be felt through the years to come.

The meetings yesterday were well attended and the power of the holy spirit is felt throughout. One of the most encouraging features of the work is, as Dr. Robertson says, the growing numbers and interest shown at the afternood bible study.

Tomorrow Dr. Robertson will preach in the People's Congregational church in the morning at 10:30, in the opera house at 3 p. m., and at the Swedish Baptist church in the evening at 8 p. m., and every morning at the Y. M. C. A. he conducts a half hour prayer service.

We earnestly request all church members to worship in their own churches Sunday morning and evening so as to permit all others to hear Dr. Robertson. All are invited to attend the meeting at the opera house in the afternoon and all the Christians who can, are requested to be present at the Y. M. C. A. at 8 o'clock sharp Sunday morning for prayer before going to the various churches for the services of the day.

J. F. MCLEOD.

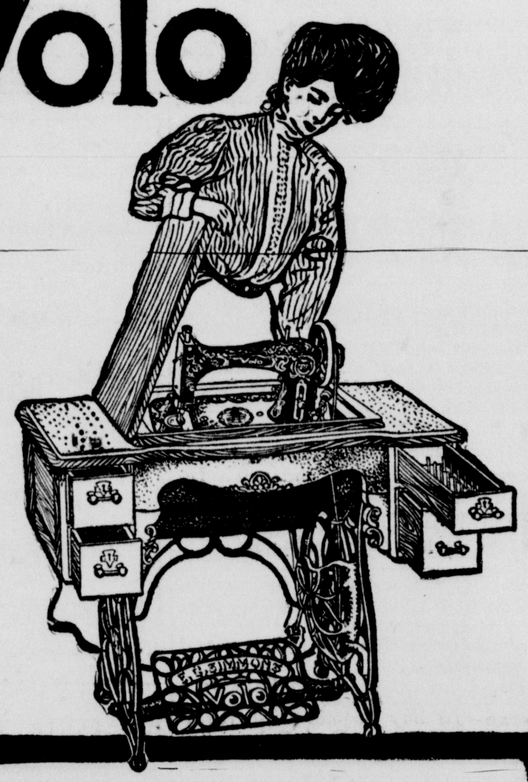
Volo



Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the **Volo** the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the **Volo** is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish.

The **Volo** represents perfection in material, workmanship and efficiency.

FRIENDLY RELATIONS

MAY BE ESTABLISHED BETWEEN THE EMPEROR AND THE RUSSIAN PARLIAMENT.

MOUROMTSEFF MEETS CZAR

PRESIDENT OF LOWER HOUSE IMPRESSED BY RULER'S INTEREST IN AFFAIRS.

St. Petersburg, May 12.—The hope of the establishment of friendly relations between the emperor and the national parliament was further strengthened during the day by the audience granted by Emperor Nicholas at Peterhof to Professor Mouromtseff, the president of the lower house. Professor Mouromtseff returned from the audience apparently much impressed by the emperor's earnest interest in the problems of the country. Though the radical hot heads had been praying that Professor Mouromtseff would lay down the law to the emperor and make a scene, the half hour's conversation was skilfully guided by the sovereign and the parliamentary chief so that friction was avoided. To the Constitutional Democratic members of the house who waited him at the Constitutional club, Professor Mouromtseff spoke only briefly, laying especial emphasis on the emperor's courtesy and his thorough knowledge of sentiment in the parliament and society. Professor Mouromtseff said politcial questions were not gone into.

The burning subject of the reply to the speech from the throne probably will not be reached at the day's session of the lower house. The time will be taken up with the election of officers, the adoption of necessary rules of procedure and the appointment of a committee on credentials. A commission to investigate the agrarian problem perhaps will be appointed also. Both the vice presidents will be Constitutional Democrats, the peasants, though at first insisting that they be given one place, having been unable to agree upon a candidate. The vice presidents probably will be Professor Grodeskul of Kharkoff and Prince Xter Dolgovoyoukoff.

Succeeds Count Lamsdorff.

St. Petersburg, May 12.—It is officially announced that M. Iswolsky, recently Russian minister at Copenhagen, has been appointed successor to Count Lamsdorff as minister of foreign affairs, and that the latter has been nominated a member of the council of the empire.

TURKEY TRYING TO SETTLE.

Ottoman Diplomats Endeavoring to End Tabah Difficulty.

London, May 12.—Diplomatic activity seems to foreshadow an amicable settlement of the Tabah difficulty. Both at London and Constantinople Turkey is reselling to make an arrangement. The grand vizier was to have had an interview with Sir Nicholas O'Conor, the British ambassador at Constantinople, at 11 o'clock p. m. The latest dispatches from Constantinople state that Foreign Minister Tewfik Pasha, the grand vizier, and other of the sultan's advisors counsel yielding to the British demands and that the Shiek-Ul-Islam is neutral and that on Thursday Turkey offered to evacuate the disputed points but on conditions that were not acceptable to Great Britain. It is understood that the decision now rests with the sultan, who is said to have ordered all the documents on the subject translated into Arabic to enable him to pass upon them.

Meanwhile the British naval preparations are maturing. A dispatch from Athens announces that the Mediterranean fleet under Vice Admiral Lord Charles Beresford is ready for immediate departure. Prince Henry of Battenberg's cruiser squadron left Phaleron bay Friday night for an unknown destination. The great size of the British fleet in Turkish waters is due to the probable necessity of providing landing parties should Turkey continue obdurate.

The nature of Lord Beresford's instructions is kept secret, but it is practically certain that there will be no attempt to force the Dardanelles or to make a demonstration before Constantinople. Rear Admiral Lambton's squadron at Port Said is in readiness to protect the Suez canal should the Turks attempt an advance along the El Arish route. He has several light cruisers and torpedo boats. Rear Admiral Lombton has been on a visit to Cairo to consult the British authorities.

Minnesota Territorial Pioneers.

St. Paul, May 12.—About 300 members of the Minnesota Territorial Pioneers' association met at the capitol during the day for their ninth annual convention. The morning session was devoted to memorial services in honor of departed pioneers. The old officers of the organization were all re-elected. The list follows: President, Charles F. Staples, Dakota county; vice president, F. G. O'Brien, Minneapolis; vice president. E. W. Bazille, St. Paul; secretary, George H. Hazzard, St. Paul; treasurer, W. J. Dean, Minneapolis.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle

Take Your Choice—a Drug or a Food

Physicians of the highest scientific attainments unite in declaring that coffee is a form of slow poison—a pernicious drug. They point out that it darkens the blood, clogs the liver, colors the skin, weakens the heart's action and ruins the digestion of all who drink it. On the other hand, doctors declare that a pure bottled beer, properly brewed from Malt and Hops, and fully aged, like

Gund's Peerless Beer

is a most wholesome and delicious beverage. Gund's Peerless Beer being made from malted barley, is essentially a "food-stuff" of high nutritive value. If drunk regularly with meals it clears the liver, enriches the blood, brightens the skin, stimulates the gastric secretions and wonderfully promotes the digestive process. Thus it is that the beer-drinking races of men are the healthiest and in the forefront of the World's progress.

PROFESSOR MOLESCHOTT, the celebrated German savant, says: "A good beer is as nutritious as fruit. Fermented liquors taken in moderation increase the secretions of the digestive juices and promotes the assimmilation of food."

PEERLESS BEER won the Gold Medal at the St. Louis Exposition for highest excellence. Contains less than 3½% of alcohol, therefore is really a temperance drink. Doctors prescribe it for the weak and sick. Used at all high-class health resorts. Delivered at homes on request by phone or mail. Sold at all cafes, saloons, hotels and buffets. Bottled only at brewery.
